EXPERIENCE

AI Intern – Software Engineering, Summer of AI, Viswam.AI

Jun 2025 – Jul 2025

- Built data pipelines using RAG and Python, reducing NLP inference latency.
- Processed 50+ hours of audio/video and 600+ image/text records for fine-tuning.
- Performed EDA and sampling, increasing dataset diversity by 15%.

Infosys Springboard Pragati: Path to Future Cohort 6 - Intern

- Participating in a 3-month program focusing on career readiness and professional skills.
- Engaging in a curriculum preparing women for future professional roles.

EXTRA-CURRICULAR ACTIVITIES

- Active participant in hackathons, building innovative AI/ML and Blockchain solutions.
- Contributed to open-source projects and collaborated in team-based challenges.
