SUMMARY

Passionate Java Full-Stack Developer and Data Science enthusiast with strong foundations in core programming, MERN stack development, and analytical problem-solving. Skilled in building functional, user-friendly applications and exploring data-driven solutions using Python and ML techniques.

EDUCATION

Bachelor of Technology (B.Tech), Malla Reddy University, Hyderabad
Major in Engineering

2023 – 2027
CGPA: 7.78

SKILLS

Languages	Java, Python, JavaScript, C++, C, SQL
Technologies	React, Node.js, Django, MongoDB, HTML, CSS
Data Science	Pandas, Data Structures, Data Warehousing, Machine Learning, AI
Soft Skills	Team Management, Problem Solving

PROJECTS

Car Rental System (Safe-Drive)

Designed a full-stack rental platform using React and Django for tracking customer expenses and monthly revenue.

Electric Billing System (Power Portal)

Built an automated billing application using React, Node.js, and MongoDB for efficient energy usage management.

Online Code Compiler

Developed a real-time compiler using Node.js and React supporting execution of C++, Java, and Python programs.

Joke Generator

Created a lightweight UI tool using HTML, CSS, and JavaScript that fetches and displays random jokes automatically.

Simple Calculator

Built a basic web-based calculator using HTML, CSS, and JavaScript to perform arithmetic operations.

CERTIFICATES

- Microsoft Cloud Computing Essentials – Microsoft Certified
- Deloitte Data Analytics Job Simulation — Certificate of Completion

ADDITIONAL INFORMATION

Languages: English (Fluent), Telugu (Native), Hindi (Fluent)

Interests: Machine Learning, Full-Stack Development, Data Science, Data Analytics
